**Panekar Secondary School website Development (LMS)  
proposal**

**Submitted by: DusiCode**

**Client: Aduot Madit**

**Date: 15<sup>th</sup> February 2026**

**About us**

DusiCode is a full-service digital agency specializing in mobile and web-based platforms, offering end-to-end solutions in design, development, SEO, Social Media Management and branding. We serve a wide range of clients including organizations, companies, banks, businesses, startups, and educational institutions, helping them build secure, scalable, and user-friendly digital solutions. Our services cover website and application development, fintech and e-commerce platforms, branding and identity design, digital transformation consulting, and ongoing support. We combine global expertise with local knowledge to craft digital experiences that align with each client's identity, vision, and growth goals.

**1. Project Overview**

This proposal outlines the development of a comprehensive, secure, and scalable digital platform (LMS) for Panekar Secondary School. The system will modernize school operations, digitize admissions, enhance communication, and provide administrative tools.
